

E-Rate 25 (FY2022) Internal Connections Q & A (Form 470 #220011387)

Question-1: Do you need drops for APs?

Answer-1: No, APs are replacement units.

Question-2: Do we need to include installation price for the cabling material?

Answer-2: YES, include pricing.

Question-3: Do we need to inventory OLD hardware?

Answer-3: YES, need inventory of OLD hardware.

Question-4: Is lift required for Gym/Cafeteria?

Answer-4: YES, lift will be necessary for Gyms, Cafeterias, Libraries, and other high ceiling areas.

Question-5: On ALL Portable Buildings, the 10G optics will not work on the 9200 switch (switch only works with 1GB optics). Do you still need the 10G optics?

Answer-5: Provide pricing based on RFP specifications.

Question-6: Are IDF relocations required in Portable Buildings?

Answer-6: No, IDF relocations not required in Portable Buildings.

Question-7: What wireless controllers will the access points be added to?

Answer-7: Cisco 9800-80 Wireless Controller centralized at Admin-IT NOC.

Question-8: Are wireless controllers setup for DNA?

Answer-8: NO, wireless controllers are not set-up for DNA.

Question-9: What model are the ISR's replacing?

Answer-9: Cisco 2921 ISR.

Question-10: Will maps of APs need to be added to Prime?

Answer-10: NO, AP maps do not need to be added to PRIME.

Question-11: Does hardware need to be added to a DNA Center install?

Answer-11: NO, hardware does not need to be added to DNA Center install.

Question-12: Will any APs require a lift for installation?

Answer-12: YES, refer back to Question 4 response.

Question-13: Will you provide a list of the campuses that need a lift?

Answer-13: ALL Middle Schools in RFP specifications will need a lift.

Question-14: Will any cabinets need to be removed?

Answer-14: NO, cabinets will not need to be removed.

Question-15: Do you currently have DNA licensing?

Answer-15: APs will come with DNA licensing, but we do not own DNA Center.

Question-16: Will you provide pictures of each portable building to know layout of switch?

Answer-16: We will provide a visual IDF map layout of portables, by campus.

Questions for Barrientes Middle School:

Question-17: Barrientes Middle School is asking for (7) 9300 MGIG, do you need (7) or (1)?

Answer-17: Provide pricing based on RFP specifications.
